Hi Dee, Hey Luke,

Attached is draft demob plan...I plagiarized from some of the examples you sent but mostly followed this particular format, seemed comprehensive without being too painful ☺ I tried to delete sections/language that absolutely didn't apply but there are a few comments for you on things I wasn't sure of (either highlighted or comment for changes). Let me know if you need more on this. Thanks, G

(Joyce, since there wasn't much to this, I'm just sending to these guys to finalize, no need to review unless you're bored and/or see some major issues). Ha! Thanks!
